A Look at Tonight's Game . . .

The Tigers of Fort Hays State know that it will take their best effort of the season to push their season record to 3-2 against the Ichabods of Washburn University tonight. The Ichabods are 3-1 coming into tonight's contest and are fresh off an impressive win over William Jewell last Saturday.

The Tigers could not spend much time celebrating their 28-20 upset victory over the Kansas State College of Pittsburg Gorillas last week because they felt that they had to get busy to prepare for the Ichabods. The Bengals are in first place in the Plains Division for the first time since the league reorganized, and they need a win tonight to remain there.

The Ichabods, under the direction of Head Coach Harold "Bud" Elliott, feature a strong running attack with Kevin McCormick, a 6-1, 185-pound half-back from La Crosse, doing most of the leg work. McCormick gained 114 yards in 23 carries in the game last week.

Washburn is proud of its offensive line which provides the wide holes for McCormick and his running mate to run through. The offensive line anchored by Co-Captain Bill Bibens, a junior from Vermont, averages 214 pounds

Topeka junior Ron Bakalar handles the signal calling for the Ichabods. Last week he hit on eight of his 14 passes for 151 yards, so he should be a real test for the Tiger secondary.

For the Tigers, Jonathan Douglas, Amarillo, Tex. freshman will be starting his second game this year. Douglas who replaced injured sophomore Mike Karl midway through the first quarter in the Kearney (Neb.) State game two weeks ago has been doing an outstanding job for the Bengals. He threw the ball 12 times against Pittsburg last week, completing six for 104 yards. That brought his season total to 19 for 39 and 354 yards.

The word in the dressing room after the Pittsburg game was that winning was so much fun that the "Whiz-Kittens" as the young Tigers have become known would like to make a habit of it.

When it comes to planning your security, don't rely on intuition.

Use E.S.P.

At Equitable, ESP stands for Electronic Security Profile.—our computer-age insurance programming service.

If you're a married man, between the ages 18 and 55, here's what ESP can do for you:

1. Organize your security objectives.
2. Tell you how much life insurance you should own to meet those objectives, now and in the future.
3. Develop and recommend an insurance program tailored to your projected needs—from now, right through retirement.

Want to find out if your present security program is all you think it is? Call your Man from Equitable, to day. There is no obligation.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

Vega 2300 is here at last.

We'd have brought it out sooner, but you know how it is. We've got a lot riding on this little car and we wanted it to be right, really right, before turning it over to you.

Now we're ready.

And you were wise to wait.

Because now you can buy what we at Chevrolet have come to modestly believe is the best little car in the world.

We don't expect this ad to convince you.

We expect the car to, though.

Vega. The little car that does everything well. Look into it.
